By balancing protection with usability, we help organizations move forward with speed and confidence.

How we work

At the core, our approach is simple, understand your needs, design the right strategy, and deliver measurable outcomes. We begin by listening carefully analyzing your goals, challenges, and existing systems before suggesting solutions. Collaboration is built into everything we do. We work closely with your internal teams, share regular updates, and ensure transparency at every level. This helps in building trust and driving alignment between business and technology.

Continuous monitoring, optimization, and innovation keep your business secure, agile, and future-focused.

Finally, we believe in continuous improvement. Post-implementation, our experts monitor, optimize, and refine the solution to keep it effective against new challenges. This cycle of improvement ensures that you are always one step ahead.

Connected and autonomous vehicles face risks from hackers exploiting Bluetooth, Wi-Fi, and onboard systems to gain control or access sensitive data. With self-driving technology growing, robust security measures for automotive systems are critical.

2. Artificial Intelligence in Cybersecurity

AI and machine learning enhance threat detection, automate security processes, and improve incident response. However, attackers also use AI to bypass defences, making ongoing development of AI-driven security tools essential.

3. Mobile Devices as Prime Targets

The widespread use of smartphones for banking, communication, and data access increases exposure to malware and phishing. Mobile-specific threats are rising, requiring stronger mobile security strategies.

4. Cloud Security Challenges

While cloud providers offer strong protections, vulnerabilities often stem from misconfigurations, phishing, or user errors. Continuous monitoring, proper configuration, and timely updates are key to securing cloud environments.

5. Persistent Data Breaches

Even minor vulnerabilities can lead to major breaches. Compliance with frameworks like GDPR and CCPA, along with proactive security measures, is necessary to safeguard sensitive data.

6. IoT Security in the 5G Era

5G connectivity expands IoT adoption but increases the attack surface. Manufacturers and organizations must address security flaws in IoT hardware, software, and network architecture.

7. Automation in Cybersecurity

Automation accelerates threat detection and response, reducing the burden on security teams. Integrating automated tools into development processes improves software security and operational efficiency.

8. Targeted Ransomware Attacks

Industries reliant on specific systems are vulnerable to ransomware, as seen in the WannaCry attack on healthcare. Strong backup strategies, patching, and proactive monitoring are critical defences.

9. State-Sponsored Cyber Warfare

Nation-state actors increasingly target critical infrastructure, elections, and industrial secrets. Geopolitical tensions are driving more sophisticated and damaging cyber operations.

10. Insider Threats

Employee mistakes and malicious insiders can cause significant breaches. Regular awareness training and access controls are essential to reduce risks.

The India Cybersecurity Market report covers different areas such as solutions (including application security, cloud security, and more) and services (such as professional services and others). It looks at deployment modes like cloud and on-premise, and studies various industries such as BFSI, healthcare, IT and telecom, industrial and defense, retail and e-commerce, and more. It also considers both large enterprises and SMEs. The market forecasts are given in terms of value (USD).

• Digital India and Enterprise Modernization Driving Cybersecurity Investments

The Digital India program has rapidly digitized citizen services, expanding the risk of cyberattacks and making security a key budget priority for ministries and states. UPI now processes over 15

billion transactions monthly, pushing banks to adopt advanced authentication and real-time fraud detection. Surveys show 60% of Indian companies plan to increase security spending in 2025, higher than the 47% global average. Zero-trust measures are becoming standard in modernization projects, speeding up purchases for identity, cloud, and data protection tools.

- **UPI and Real-Time Payments Boosting Identity & Fraud Protection Needs**

UPI's convenience has also brought more cyber threats, with over 2,500 incidents reported in late 2024. Banks are responding with multi-factor authentication and behavioral biometrics, driving demand for identity and access management solutions. Regulators now favor continuous monitoring over occasional audits, creating more opportunities for fraud analytics providers.

- **DPDPA and CERT-In Compliance Pushing Security Budgets Up**

India's DPDPA can fine companies up to INR 500 crore for personal data breaches, requiring encryption, log retention, and six-hour incident reporting. CIOs are now budgeting for breach notification tools, key management, and impact assessments. New rules from January 2025 are locking in compliance budgets, increasing demand for managed security services with audit-ready dashboards.

- **5G and IoT Expanding the Attack Surface**

Nationwide 5G is connecting millions of devices, from industrial sensors to smart meters, with weekly cyberattacks already topping 3,300 in India. Telecom companies are adding security gateways, and manufacturers are using tools to map operational tech networks. This IT-OT convergence is boosting sales of platforms that can monitor both industrial and cloud systems.

OPPORTUNITIES

Technology, AI, and IT services are growing fast worldwide, which means more need for cybersecurity. This is a big chance for us to use our strengths, grow our business, and increase profits. In India, business is expanding quickly, and we're also building our presence in the USA and UAE to tap into the Gulf market. Our current setup is ready to support this growth.

THREATS

1. More Competition

More players in the market may force prices down.

Our Edge: We already work with major clients and can deliver high-quality services at fair prices.

2. High Employee Turnover

The IT industry sees a lot of job switching, which can mean losing trained staff and needing to hire replacements.

(Our Approach: We focus on retaining talent by offering training, career growth, and incentives. Our HR team is confident in keeping our key people.)

RISK & CONCERNS

1. Management of Employees and Employee Costs

Our growth and ability to win new projects depend on hiring, training, and keeping skilled IT professionals, especially project managers, engineers, and other senior staff. With high demand in the market and strong competition for talent, it's not always easy to find or retain the right people.

If key employees leave, we face higher costs to hire and train replacements, and it may take time for them to reach full productivity. The IT industry in India also has high attrition rates, which adds to the challenge.

We invest in training, but we must constantly keep our team's skills up to date with changing technology, standards, and customer needs. Losing experienced talent or failing to replace them with equally skilled people can directly affect our performance.

2. Foreign currency fluctuations

A large part of our revenue comes from international clients, so we deal in multiple foreign currencies. This exposes us to exchange rate risks, which can impact our profits and cash flow. Although some expenses naturally offset these risks, we still face exposure when revenues and costs are in different currencies. Our main currency exposures are USD, Euro, GBP, and AED. We follow a foreign exchange hedging policy to reduce this risk, but changes in currency value can still affect our competitiveness in the global IT market.

3. Security breaches in Software, data and network infrastructure and fraud

As a cybersecurity company, we handle large amounts of sensitive customer data and operate critical network infrastructure. We also rely on third-party tools for secure transactions, but we can't fully control their security measures. Any breach, whether from hackers, malware, or insider threats, could lead to stolen data, system downtime, financial loss, contract termination, or damage to our reputation. We may need to spend significant time and money to prevent or address such breaches. Issues like malware could also cause fraudulent charges for customers, harming trust in our services.

HUMAN RESOURCES/ INDUSTRIAL RELATIONS

We see our employees as our biggest asset and a key part of our success. Our HR policy is designed to create a positive work environment, encourage growth, provide equal opportunities, and keep our team competitive while aligning their goals with the company's vision. Our HR team focuses on building and retaining a strong, talented workforce. We offer opportunities for both professional and personal growth, along with engagement and development programs to boost skills and productivity. As of March 31, 2025, our employee strength stood at 147. Industrial relations during the year were stable, peaceful, and cooperative.

INTERNAL CONTROL AND THEIR ADEQUACY

We have a strong internal control system that matches the size and complexity of our business. These controls help manage risks, keep financial information accurate, ensure timely reporting, protect company assets, and comply with all laws and regulations. Our internal auditors regularly monitor

these controls, and the Audit Committee reviews their reports to make sure any issues are quickly corrected. Key findings are shared with management, which takes prompt action when needed.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Sattrix Information Security Limited** ("the Company"), which comprise the Standalone Balance Sheet as at 31st March 2025, and the Standalone Statement of Profit and Loss, Standalone Statement of Changes in equity and Statement of Cash Flow for the year ended, and Notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (Financial Position) of the Company as at March 31, 2025, its profit (Financial Performance), change in equity and its cash flow for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Standalone Financial Statements.

Information other than the Standalone Financial Statements and Auditors' Report there on

The Company's management and Board of Directors are responsible for preparation of the other information. The other information comprises the information included in the Company's annual report but does not include the Standalone Financial Statements and our Auditors' Report thereon. The Company's annual report is expected to be made available to us after the date of this Auditors' Report.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position and financial performance, change in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as

applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to the financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparation of Standalone Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we

conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Financial Statements of **SATTRIX INFORMATION SECURITY LIMITED** (“the Company”) as of 31st March, 2025 in conjunction with our audit of Standalone Financial Statements of the Company for the year ended on that date.

Management’s and Board of Director’s Responsibility for Internal Financial Controls

The Company’s management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all

material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Financial Statements.

Meaning of Internal financial controls with reference to Financial Statements

A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipt and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on Financial Statements.

Inherent Limitations of Internal financial controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at 31st March 2025, based on the internal financial controls with reference to Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

We have audited the accompanying Consolidated financial statements of **Satrix Information Security Limited** ("The Holding company"), and its subsidiaries ("The Holding company and its subsidiaries together referred as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss, Consolidated Statement of changes in equity and Consolidated Cash Flow Statement for the year ended on that date, and notes to Consolidated Financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act 2013 ("The Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, and of its consolidated profit, consolidated changes in equity and its consolidated cash flow for the year ended on that date.

Basis for Opinion

We conducted our audit of consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on Consolidated financial statements.

Information other than the Consolidated Financial Statements and Auditors' Report there on

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the financial statements and our auditor's report thereon. The Holding Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Holding Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/ loss, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Management and Board of Directors/Trustees of the Companies/entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the each company/entity and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been

used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, respective Management and Board of Directors of the Companies/Trustees of entities included in the Group are responsible for assessing ability of each company/entity to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors/Trustees either intends to liquidate the company/entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies/Trustees of the entities included in the Group are also responsible for overseeing the company's financial reporting process of each company/entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting

estimates and related disclosures made by Management and Board of Directors.

- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Holding Company and such other Companies included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The Consolidated financial statements of the Company for the year ended March 31, 2024, were audited by G. K. Chokshi & Co. under the Companies Act, 2013, who, vide their report dated September 04, 2024, expressed an unmodified opinion on those financial statements.

Annexure – “A” to the Independent Auditors' Report of even date on Consolidated Financial statements of Satrix Information Security Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Financial Statements of **Satrix Information Security Limited** as on March 31, 2025 in conjunction with our audit of the consolidated financial statements of the Holding Company and such companies under the Companies Act, 2013, which are its subsidiary companies, as of that date.

Management's and Board of Director's Responsibility for Internal Financial Controls

The respective company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statement criteria established by the respective company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to Financial Statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial controls with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and such companies which are its subsidiary companies, have, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2025, based on the internal financial controls with reference to financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").
