## **Satrix Information Security Limited Secures Initial Work Orders Under Strategic Managed Services Agreement with Hitachi Systems India**

**Ahmedabad, January 01, 2026: Satrix Information Security Limited (SATTRIX) BSE: 544189, ISIN: INE0QUV01010**, a leader in Advanced Cybersecurity Solutions, today announced the receipt of initial work orders to Supply Managed Security Operations Center (SOC) Services from Hitachi Systems India Private Limited (“Hitachi”).

This engagement is established under the Partner Managed Services Agreement signed on December 2, 2025. This strategic partnership combines Satrix’s specialized expertise in Advanced Cyber Security Defense Technology with Hitachi’s market reach, enabling Hitachi to seamlessly scale its security portfolio for global clientele.

### **Service Delivery Model**

Under a white-label arrangement, Satrix will provide comprehensive, fully managed security operations to Hitachi’s end customers. While these services are marketed under the Hitachi brand, they are entirely managed and supported by Satrix. This collaboration covers the complete lifecycle of managed security, ensuring robust protection through Satrix’s advanced technical infrastructure and operational support.

### **Partnership Highlights**

**Advanced SOC Operations:** The collaboration focuses on modern Security Operations Center (SOC) functions, providing 24/7 proactive threat detection and rapid incident response. This "always-on" posture ensures that critical assets are protected against increasingly complex cyber threats while allowing businesses to focus on their core competencies.

**White-Label Excellence:** Satrix will deliver fully managed security operations that Hitachi will present under its own branding to its customers.

**Innovative Technology:** The services are powered by Satrix’s Advance Cyber Security Defence Technology, an integrated platform featuring SIEM, SOAR, User Behavior Analytics (UBA), Threat Intelligence (TI), and Machine Learning (ML).

**Strategic Expansion:** The partnership allows Hitachi to scale its security portfolio seamlessly by leveraging Satrix’s technical expertise and innovative platform.

*"This agreement is a testament to the strength and reliability of our Advance Cyber Security Defence Technology," said Sachhin Gajjaer, Managing Director of Satrix. "By integrating our deep expertise with Hitachi's market reach, we are empowering them to expand their security offerings without the need to develop an in-house innovative platform."*

**About Satrix Information Security Limited:**

Satrix Information Security Limited, founded in 2013, is a globally trusted cybersecurity solutions provider offering end-to-end, customer-centric services across India, the USA, the Middle East, and Malaysia. With over a decade of experience, Satrix delivers agile, cloud-based and on-premise solutions that help enterprises protect digital assets, ensure compliance, and maintain business continuity. Rooted in the mission "Removing the Risk from the Universe," the name Satrix—derived from Sat (Universe), Ri (Risk), and X (Extenuation)—reflects our commitment to eliminating cybersecurity threats. Combining cutting-edge technology with deep expertise, we stand as a future-ready partner in today's evolving digital landscape. For more information, please visit: <https://www.satrix.com/>.
